Kevin Long
President
MVP Sport Media Training

Dear Kevin:

We appreciated the media training session you ran for our men's and women's basketball players at Saint Joseph's.

I feel that it was well received by the student-athletes and that they enjoyed the interactive nature of the presentation. The individual on-camera sessions with the players were beneficial, especially since we had a successful season and had a good amount of media coverage.

I would recommend MVP to any school seeking to do a media training presentation with its athletes. We look forward to the possibility of working with you again in the future.

Sincerely,
